Dear Dental Loft Family,

To help stop the spread of COVID-19 outbreak, we will be reducing our staff number and closing the office for all ROUTINE AND ELECTIVE treatment until April 5, 2020.

If you have a dental emergency, please send a TEXT MESSAGE to our after-hours emergency phone at (972)693-3725. I will personally be monitoring the text messages between 8am-10pm daily.

For all routine inquiries, please call the office at (214)890-7909 or email us at DL@DentalLoft.com. We will be monitoring messages remotely.

If you recently had a root canal and need a crown, we can schedule you during this time period to prevent potential tooth fractures or other issues.

Invisalign patients: download the My Invisalign app to your smart device. You will be able to upload progress pictures so I can remotely monitor your treatment.

Follow us on Facebook and Instagram @DentalLoftDallas – This is the fastest way for me to communicate information to everyone.

I will be adding more videos to our YouTube channel on how you can communicate with me via video chat in the next few days and other random dental information in case you have watched everything else on Netflix and need new entertainment! (Search for Dental Loft Channel)

Our contact information is below as well as the contact information for our most trusted specialists who will be open for emergencies during this time.

In the meantime – wash your hands, don't touch your face, practice social distancing and yes, you still need to FLOSS!

Stay safe and healthy,
Dr. Reddy
